

PARTS CATALOGUE

Series E52

BMW ALPINA ROADSTER V8

The ALPINA parts catalogue is based on the BMW parts catalogue. Basic car for the BMW ROADSTER V8 is the BMW Z8 E52. Only ALPINA parts and not clear perceptible BMW parts which are different to the basic car are listed. For BMW parts the BMW parts catalogue has to be used.

The basic engine is the M62B46 (X5 4.6is)

The car type is shortened as following:

BMW ALPINA ROADSTER V8: ROADSTER V8

The abbreviations used in several columns of the text lines have the following meanings:

1. item column (POS): picture number equal to the shown part
2. expression column
3. part number column
4. model column: wanted quantity, x = quantity as required
5. informations
6. remarks column (REM): a, b, c, ... country specification, use from/ up to, other informations

A: part number exchangeable with the one mentioned in the next line

E: part number is cancelled

W: part number is used alternatively by the one standing either before it or afterwards (also marked with "WW")

The illustrations in this catalogue do not correspond to the original size and shape!
